

**James Cossin, You May Hold The Key To
Winning A FREE Sharp 36" Flat-Tube Stereo TV!**

September 18, 2002

Dear Mr. Cossin:

We'd like to offer you the chance to win a valuable gift – one that can provide you with hours upon hours of top-quality entertainment - all from the comfort of your own home.

Inside, please find what could be your winning key to a **brand new Sharp 36" Flat-Tube Stereo TV**. No economy-class entertainment vehicle, it comes complete with component video inputs and offers an array of high-performance features – like crystal-clear video, excellent stereo audio and a reduction in the distortions that can detract from viewing.

How can you win? Just bring the enclosed key with you to the **Independent Armored Car Operators Association (IACOA) tradeshow** in San Antonio, TX, Oct. 11 through 16. If your key fits the lock in our safe at the **TranSourcesm booth (#20)**, the Sharp 36" Flat-Tube Stereo TV is yours!

And that's just for starters. When you visit the TranSource booth, you'll also learn about a security innovation that can help you keep up with ever-changing Federal Reserve standards.

Your Key To Keeping Up With The Fed Is In The Bag

New from TranSource, the leading provider of superb security bags worldwide, the SurecoinTM Security Bag holds Federal Reserve-ready coin deposits in a clear, high-strength plastic bag that's more convenient to carry and store than other bags. Surecoin offers a host of other advantages over regular security bags. These include compatibility with coin auto-loaders, easy scanning and tracking, and a strong self-adhesive that does away with the need for tags and crimps. While we'd like to go on and on about these innovations and others, we'll save the details for when you visit our booth, #20, at the IACOA tradeshow.

For now, just take a look at the sample bag and product information enclosed in your box. These items will give you a sense for how the Surecoin Security Bag can help you improve your business operations. And remember to bring your key to the tradeshow! Inside is a handy key chain to help you keep track of it.

Regards,

Debra Corwin
Vice President, Sales & Marketing

P.S. Bring your key to booth #20 at the IACOA tradeshow, and find out if you're a 36" Flat-Tube Stereo TV winner! You have nothing to lose. As one of a select group of independent armored car operators attending, your odds of winning are remarkably high!
